All explorers work in a similar way. This is an example from Google Chrome:

- 1. Open Google Chrome
- 2. Click on the three dots on the top right-hand side of the window.

Click on "passwords". The one under the 'Autofill' title. This will take you to your passwords.

3Once on your "Passwords" page, find the <u>bgn.myvle.co.uk</u> website, and then click on the logo that looks like an eye.
